

Certificate

Number 247

This certificate proves that

BTG Biomass Technology Group B.V.

has offset 118 tonnes of CO₂equivalents* with VCS certified projects.

Offsetting is done by investing in sustainable energy projects of the Climate Neutral Group.

These projects reduce CO_{2eq} emissions elsewhere.

The projects are also selected for the impact on the local population and region. Developments like employment opportunities, knowledge transfer, health improvement, boosting local economy and local environmental improvements.

** All relevant greenhouse gasses translated into CO₂ equivalents.*
